

EIT Raw Materials Summit 2019

Bereich: Raw Materials

Datum: 20.-22.05.2019

Ort: Berlin

Veranstalter: EIT Raw Materials

Das vom EIT Raw Materials organisierte Event bringt unter dem Motto "Connecting Innovation in the Raw Material Sector" Experten aus der ganzen Welt zusammen, um sich zu vernetzen und so den Austausch der Rohstoffindustrie in Europa voranzutreiben.

Neben Keynote-Vorträgen finden parallele Sessions zu folgenden Themen statt:

- RESOURCES: Discovery and Beyond: Resources assessment and availability, innovative exploration technologies
- DEEP, INTELLIGENT MINING: Mining under extreme conditions, deep-sea mining, new technologies for mining
- MINERALS PROCESSING AND MATERIALS RECYCLING: Increasing resource, energy and water efficiency during raw materials beneficiation
- ADVANCED MATERIALS ENABLERS FOR DISRUPTIVE INNOVATION: Lightweight design, additive manufacturing, design of new alloys
- MATERIALS FOR FUTURE MOBILITY: Challenges for raw materials and new materials for future mobility, including batteries and magnets
- RESOURCE EFFICIENCY CITIES: Urban and landfill mining, materials flow analysis, circular economy

Die Veranstaltung ist kostenpflichtig.
