Workshop "Innovative Solutions for Research in Healthcare"

Field: Health Care
Date: 10 January 2019
Location: Brussels, Belgium
Organizer: EU Parliament

The Parliamentary Workshop on Innovative Solutions for Research in Health serves to inform the Members of the European Parliament and to exchange views with experts. The focus is on how new approaches to better precision medicine / personalized medicine can be opened up in Europe.

DG Connect Infoday on Photonics Topics

Field: ICT; Photonics
Date: 18 January 2019
Location: Brussels, Belgium
Organizer: DG Connect

DG CONNECT organizes an information day on the following photonics topics currently advertised in the ICT work programme:

- ICT-03-2019 "Photonics Manufacturing Pilot Lines for Photonic Components and Devices"
- ICT-05-2019 "Application driven photonics components"

In addition to detailed information on the call topics, you will receive information about the Photonics PPP and have the opportunity to briefly introduce yourself and your project idea in a "pitching session".

Workshop Series: The ABC of EU Research Funding

With more than 70 billion Euro, the EU Framework Program for Research and Innovation Horizon 2020 is the largest research funding program in the world. With this series of workshops, knowledge and competences for Horizon 2020 will be taught. From "A" for "Application" to C for "Coaching", EU speakers and project managers from the EU University Network share their experience from more than 100 applications and more than 50 EU projects. The aim of the series of workshops is to improve opportunities for scholars to receive EU funding.

The workshop series took place in August/September 2018 and will be repeated on a regular basis in the future.

Conference "Energiewendebauen"

Field: Energy; Urban Planning
Dates: 28-29 January 2019
Location: Berlin
Organizer: Projektträger Jülich and Wissenschaftliche Begleitforschung Energiewendebauen

The two-day conference Energiewendeebauen ("building the energy transition") wants to set new impulses together with national and international actors from practice, research and politics so that innovative cross-sectoral solutions in architecture and urban planning may contribute to the transformation of the energy supply in medium and long term. The focal points of the event are digitalisation, flexibilisation and the conjunction of sectors as central components on the way to the energy transition.

Info Day FCH JU Call 2019

Field: Energy
Date: 29 January 2019
Location: Brussels, Belgium
Organizer: FCH 2 JU

The "Fuel Cells and Hydrogen Joint Undertaking (FCH 2 JU)" invites you to an information event to Brussels for the Call 2019 on 29 January 2019.

The information session will present the new work programme, which is expected to be published on 15 January 2019. In the morning, detailed information on the advertised topics as well as on the conditions of participation will be provided. In the afternoon, in so-called breakout sessions, in-depth insights into the various topics of the work programme are given. The participants have the opportunity to associate themselves with a topic during registration and to present their project ideas, their organization or cooperation offers.

The deadline for submitting project applications for the FCH 2 JU 2019 Call is expected to be in April 2019.
