

DG Connect Infoday on Photonics Topics

Field: ICT; Photonics

Date: 18 January 2019

Location: Brussels, Belgium

Organizer: DG Connect

DG CONNECT organizes an information day on the following photonics topics currently advertised in the ICT work programme:

- ICT-03-2019 "Photonics Manufacturing Pilot Lines for Photonic Components and Devices"
- ICT-05-2019 "Application driven photonics components"

In addition to detailed information on the call topics, you will receive information about the Photonics PPP and have the opportunity to briefly introduce yourself and your project idea in a "pitching session".

Registration is possible until January 13, 2019.
