

Research in Europe – National and European funding, 21th September 2017

Event: Research in Europe – National and European funding, 21th September 2017, Otto von Guericke University Magdeburg

The next “Research in Europe “ event of the KoWi will take place in Magdeburg on 21 September 2017 in cooperation with University of Magdeburg. This event takes place in order to get junior scientists interested in an international career in research. A compact overview on the current funding possibilities and on research vacancies is offered at national level as well as at Europe level. The different research and funding organisations present their programmes and institutes on campus and provide help with the successful proposal and application writing. To meet the high demand of information on the individual career planning there is the opportunity to ask questions.

These one-day information events are targeted at students near their graduation, PhD-students, PostDocs and multipliers. The events are organized by KoWi in cooperation with regional universities and research institutes.

Time: 21.09.2017; all day since 09:00 Uhr

Place: OVGU, Unicampus, Gebäude 22, Hörsaal 2 und Gebäude16 Hörsaal 5
