

## **Brokerage and Information Event ICT Calls Robotics**

**Field:** ICT Robotics

**Date:** 18 December 2018

**Location:** Brussels, Belgium

**Organizer:** EU Commission

The European Commission organizes an information event on 18 December 2018 in Brussels on the latest robotics calls from the ICT work programme with the deadline of 28 March 2019.

At the event, you will receive application information and you will have the opportunity to find additional partners for your project consortium. For this purpose you can present your project idea or your competence in a short presentation or on a poster.
