

Marie S. Curie Individual Fellowships, Proposal Writing Seminar 25.04.2016

09.02.2017 - HORIZON 2020, the European framework programme for research and innovation offers funding for scientific care development of experienced researchers through advanced research training in Europe and abroad. European Fellowships (EF) can cover research stays of between 12 and 24 months' duration, Global Fellowships periods of between 24 ar 36 months. The current call for proposals ends on 14 Sept 2017.

The Seminar is for:

- ▶ post-docs or experienced researchers with at least four years' research experience to go to other European or international institutions
- ▶ professors, who want to employ international post-docs for a research stay at OVGU

The Seminar is organised by the EU academic network Saxony-Anhalt which supports scientists in all questions concerning EU research funding. For this seminar, we will welcome Ms. Marion Korres from the › National Contact Point for Marie Skłodowska-Curie actions (<http://www.nks-msc.de/>) from Bonn. She will present detailed information about the call conditions and strengths and weaknesses of proposals.

Tuesday, 25 April 2017, 09:00 – 11:00 a.m.

Otto-von-Guericke-Universität Magdeburg, Universitaetsplatz 2, 39106 Magdeburg
Senatssaal (Building 5, Room 205)
