

Cluster 3: Civil Security for Society

The cluster “Civil Security Research for Society” contributes to the implementation of the EU strategy for the Security Union, the security aspects of the New Migration and Asylum Pact, the EU’s civil protection policy, the EU strategy for maritime security and the future EU Cybersecurity strategy. The findings from the COVID-19 crisis on prevention, damage limitation, preparation for the crisis response and capacity building for later crises (including health crises) are also incorporated here.
