

Cluster 1: Health

The Cluster 1 "Health" broadly covers the health field - from biomedical research to public health interventions and from health systems research to technology development including digitalization.

It will cover the following six thematic areas:

- ▶ staying healthy in a rapidly changing society;
- ▶ living and working in a health-promoting environment;
- ▶ tackling diseases and reducing disease burden;
- ▶ ensuring access to innovative and high-quality health care;
- ▶ unlocking the full potential of new tools, technologies and digital solutions;
- ▶ maintaining an innovative, sustainable and globally competitive health industry.
