
ITS European Congress 2019

Field: Smart Mobility and Digitalisation

Dates: 3-6 June 2019

Location: Helmond and Eindhoven, Netherlands, Brainport region

Organizer: ITS Europe

The Brainport region forms part of Europe's technological backbone and enjoys global recognition as a centre for innovation and automotive solutions.

With the theme of this Congress, "Fulfilling ITS promises", they want to show what ITS can do and how they can reach forward to fully exploit the potential of smart mobility in modern day Europe.

Call for Contributions now open!

Do you want to get involved by organising a session, presenting or differently? Please have a look at the Call for Contributions for further details on how to be part of the ITS European Congress 2019 in Brainport.
